

Worship *Facilities*

Beautiful, economical worship facilities are a Robertson specialty. Large clear spans and flexible layouts are the perfect answer for sanctuaries, meeting rooms, and multi-purpose spaces.

Whether it's new construction or an expansion to your current church, synagogue, or mosque, a Robertson building is a budget-friendly, attractive addition to your community.

Count on Robertson's Experience with Worship Facilities:

- Clear spans and high ceilings allow for the comfortable accommodation of your congregation
- A Robertson metal building can integrate with traditional construction materials such as glass, masonry, brick, stone, and many other popular veneers that can be designed to suit any shape or profile you have in mind
- Multi-span framing systems allow for single or double sloped roofs in your design
- Performance-proven quality materials used in the manufacturing process ensure savings on future upkeep and maintenance costs
- Energy efficient buildings can be easily expanded and have virtually maintenance-free roofing

Our experience in building Worship Facilities is your assurance that Robertson will bring your vision to life.

Robertson professionals work one-on-one with your architects to provide versatile, attractive, and durable options for worship facilities. We will create a design that reflects your congregation's unique needs and your desire to make your building aesthetically pleasing as well as functional.

Your Robertson Builder, highly skilled in engineered building systems, will ensure that construction is handled quickly and proficiently. Industry estimates indicate that engineered building projects take one-third less time to construct than traditional building projects, allowing you to occupy the building sooner. Your engineered steel building can also be designed to accommodate easy future expansion.

Worship facility construction is an important part of Robertson's business, so when it comes to designing your building, call us. We can provide single source solutions to deliver a complete turnkey project.

With over **150 years of experience**, our reputation speaks for itself and it is your assurance that Robertson will bring your vision to life.
